Color Mixing!

Use your cyan, magenta, yellow palette to mix red, green, and blue:

- $\text{Magenta} + \text{Yellow} = \text{Red}$
- $\text{Yellow} + \text{Blue} = \text{Green}$
- $\text{Blue} + \text{Cyan} = \text{White}$
Can you make these colors?

Orange: Pink + Yellow = Orange

Purple: Pink + Blue = Purple

Light Brown: Pink + Blue + Yellow = Light Brown
